

RZM series PV Solar panel connectors

Honda Connectors has developed a new range of power connectors specifically for Photovoltaic panel applications.

The RZM series has been designed for simple, easy installation. The construction of the RZM series is a two piece crimp contact connector with a current rating of 20 amps and has an environmental rating of IP67. The RZM series also conforms to European and international standards.

Key benefits:

- Simple easy to use construction
- IP67 environmental rating
- Friction latch locking mechanism
- High mating withdrawal force +89N
- 20 amp rated
- A range of junction boxes and holding fixtures are available

RZM series Part numbers:

Part number	Wire size	Approval
RZM-ISPFCT1+SR	4.00 Sq mm	TUV
RZM-ISPFCT2+SR	3.50 Sq mm	TUV
RZM-ISPFCT3+SR	2.00 Sq mm	TUV
RZM-ISPFCT4+SR	10 AWG	UL *
RZM-ISPFCT5+SR	12 AWG	UL *
RZM-ISPFCT6+SR	14 AWG	UL *

Part number	Wire size	Approval
RZM-ISPMCT1+SR	4.00 Sq mm	TUV
RZM-ISPMCT2+SR	3.50 Sq mm	TUV
RZM-ISPMCT3+SR	2.00 Sq mm	TUV
RZM-ISPMCT4+SR	10 AWG	UL *
RZM-ISPMCT5+SR	12 AWG	UL *
RZM-ISPMCT6+SR	14 AWG	UL *

* UL approval pending Q3/08
